# BREADED STEAK SANDWICH

<b>PREP</b>	<p><b>DISH</b></p> <ol style="list-style-type: none"> <li>1) Trim off any excess fat on the outside edge of the Steak.</li> <li>2) Slice the Steak across the grain on the bias into 1/8 inch thick by 1 inch wide strips and set them aside.</li> <li>3) Finely chop the Pepper Rings and set them aside.</li> <li>4) Crumble the Blue Cheese if using and set it aside.</li> <li>5) Preheat the oven to 200 degrees with a rack in the lower third.</li> </ol>
<b>PREP</b>	<p><b>ROASTED RED PEPPER SAUCE</b></p> <ol style="list-style-type: none"> <li>1) Chop the Almonds and add them into the food processor.</li> <li>2) Grate the Parmesan and add it into the food processor.</li> <li>3) Drain the Red Peppers and add them into the food processor.</li> <li>4) Chop the Garlic Clove and add it into the food processor.</li> <li>5) Chop the Shallot and add it into the food processor.</li> </ol>
<b>1</b>	<p><b>STEAK:</b> Sprinkle the Steak Strips with Salt and Pepper. In a pie tin, add the Flour. In a second pie tin, lightly beat the Eggs. In a third pie tin, add the Breadcrumbs. Lightly coat both sides of the Steak in the Flour, then in the Egg and then in the Breadcrumbs.</p>
<b>2</b>	<p><b>STEAK:</b> In a large cast iron skillet over medium high heat, heat 1/2 inch of Canola Oil until it shimmers. Fry the Breaded Steak Strips, however many you can fit in the skillet at a time without crowding, until golden brown on both sides, about 3 minutes per side. Remove the Steak Strips from the Oil and spread them onto a sheet pan lined with a wire rack above paper towels. Season the fried Steaks with Salt and keep them warm in the oven while you cook the rest.</p>
<b>3</b>	<p><b>ROASTED RED PEPPER SAUCE:</b> Blend the Sauce ingredients on high speed until smooth, about 15 seconds. Add in the Smoked Paprika, season it to taste with Salt and Black Pepper, and then place it all into a small saucepan over medium low heat and simmer for 5 minutes to take away the raw Garlic bite and to intensify the flavors. Turn off the heat, but leave the pan on the burner to keep it hot.</p>
<b>SERVE</b>	<p><b>BUILD THE SANDWICH:</b> Split the Rolls in half and toast both halves. Spread some of the Gorgonzola Cheese (or sprinkle with the Blue Cheese) evenly on the bottom half of the Roll. Stack the hot Breaded Steak Strips so they overlay each other on top of the Cheese, then the Roasted Red Pepper Sauce and then sprinkle with the Chopped Pepper Rings. Repeat for the remaining Sandwiches. Roll each Sandwich in Aluminum Foil so the heat melts the Cheese, cut them in half just prior to serving and serve with extra Roasted Red Pepper Sauce on the side for dipping.</p>
